NEW MEXICO OIL CONSERVATION COMMISSION Santa Fe, New Mexico

MISCELLANEOUS NOTICES

Submit this notice in TRIPLICATE to the District Office, Oil Conservation Commission, before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

(Date)

Gentlemen:

Following is a Notice of Intention to do certain work as described below at the. The Atlantic Refining

| Company | State "T" | Well No. 5 | in X |
|-----------------------|--|-------------------------|-------------|
| | (Company or Operator) | | (Unit) |
| XE 1/4 SW | | S NMPM Denton (Wolfcam) | Pool |
| (40-acre Subdivision) | ······································ | | |
| Los | County | | |

FULL DETAILS OF PROPOSED PLAN OF WORK (FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS)

We propose to change our casing program to the followings

9 5/8" 0.D. 36#, J-55 casing set @ 2200 feet in the anhydrite and circulate cement. 7" 0.D. 23# and 26# casing set @ 9500 with a DV tool at approximately 6000 feet and cemented with a total of approximately 900 sacks. On the first stage enough cement will be used to circulate through the DV tool. On the second stage enough cement will be used to bring the cement back to approximately 4000 feet. The base of the salt should be approximately 4500 feet. A temperature survey will be run to be sure the cement came back to the base of the salt.
