In re: Denton Well No. 12, Denton Pool, SW/4 NW/4,
Section 11, T-15-S, R-37-E, Lea County,
New Mexico

New Mexico Oil Conservation Commission
Hobbs, New Mexico

Gentlemen:

The subject well was drilled to a total depth of 12,780 feet, and we are now in the process of final completion operations. While drilling the well, the hole deviated from the vertical more than five degrees; therefore, in accordance with Rule 111, Deviation Tests, we have taken a ~~directional survey of this well.~~ The attached copies of this ~~survey show that the bottom of the hole is on the lease where~~ the well is drilled, being 227.73 feet northeastward from the surface location.

Very truly yours,

PHILLIPS PETROLEUM COMPANY
