Re: SE¹/₄ Sec. 28-16S-38E.

Dear Sir:

Under date of December 5, 1929, we executed a bond in the amount of \$5,000.00 for the purpose of drilling Well No. 1 on the above described land. As this well was a dry hole and has now been plugged and abandoned, it is our desire to ~~now~~ have this bond cancelled, and we shall therefore appreciate it if you will give us a letter releasing us from all liability due in connection with this bond, in order that we may have the U.S. Fidelity & Guaranty Company cancel this bond.

As the premium due date on this bond is December 5th, we shall appreciate an early reply.

Yours very truly,

Land Department.
