13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

It is requested that the temporary abandonment status be renewed for another year on this well.

An extensive study of the Maljamar Grayburg/SA pool will be begun shortly. The interpretation of recent 3-D seismic and proposals for infill drilling and reorientation of waterflood patterns will be evaluated during the next year. This wellbore needs to be retained until the results of this study are known.
