The casing integrity test approved by an NOI on 7/5/94 will be performed by 7/1/95.

An intent to P&A this well was also filed 11/16/94 and approved by the BLM. Conoco as operator of the MCA Unit has determined that there is no further economic use for this wellbore and desires to plug and abandon it. However, complications with other partners in the MCA Unit have delayed this action. Conoco hopes to have this issue resolved by the end of 1995 and to proceed with plugging.
