13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Approval is requested to renew the temporary abandonment status for this well for the reason stated below. The last approved casing integrity test was performed 9/30/93.

A recent recompletion in another MCA well has established Queen production in the MCA Unit and a significant portion of the unit, including this well, needs to be studied and evaluated for Queen potential.
