Re: Priest #6 Proration Unit
Sec 1, T-15S, R-37E
~~Eddy~~ County, New Mexico
Lea

Dear Mr. Sexton:

Collins & Ware, Inc. has obtained a permit to reenter the Priest #6 well. Enclosed for your records is a letter from Polaris Production Corp. reflecting the designation of the proration unit for this well.

Per the enclosed letter, the Priest #1 well is in the same proration unit and field as the Priest #6. The Priest #1 well is currently shut-in and will not be produced concurrently with the Priest #6 well.

If you have any questions or need any additional information, please let me know.

Sincerely,

Dianne Sumrall
Production Clerk
