17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Production from this well had declined to no oil, 98 MCF gas and 220 barrels water per day, and it was uneconomical to produce.

We temporarily abandoned it June 24, 1970, by shutting it in and plan to leave it shut-in until the results of an offset waterflood can be evaluated.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
