OIL CONSERVATION COMMISSION, Santa Fe, New Mexico,

Gentlemen:

You are hereby notified that it is our intention to commence the drilling of a well to be known as J. C. Watson & R. T. Piner Trimble Well No. 2A in SE 1/4 NE 1/4

Company or Operator Lease of Sec. 11, T. 17S, R. 32E, N. M., P. M., West Roberts Field, Lea County.

The well is 1980 feet (N.) (S.) of the North line and 630 feet (E.) (W.) of the East line of Sec. 11-17S-32E

AREA 640 ACRES

(Give location from section or other legal subdivision lines. Cross out wrong directions.)

If state land the oil and gas lease is No. Fee Land Assignment No.

If patented land the owner is Mrs. W. B. Trimble

Address Seminoles, Texas

If government land the permittee is Ree Land

Address

The lessee is J. C. Watson & Rob't T. Piner

Address Box 536, Artesia, New Mexico

LOCATE WELL CORRECTLY We propose to drill well with drilling equipment as follows: Rotary to approximately 1300 feet and Cable tools to total depth.

The status of a bond for this well in conformance with Rule 39 of the General Rules and Regulations of the Commission is as follows: American Employers' Insurance - Watson & Piner

We propose to use the following strings of casing and to land or cement them as indicated:

Size of Hole	Size of Casing	Weight Per Foot	New or Second Hand	Depth	Landed or Cemented	Sacks Cement
10 3/4"	8 5/8"	28 #	S H	1300	Cemented	100 Sacks
6 7/8"	5 1/2"	15 #	New	4100	Cemented	100 Sacks

If changes in the above plan become advisable we will notify you before cementing or landing casing. We estimate that the first productive oil or gas sand should occur at a depth of about 4300 feet.

Additional information:

Approved FEB 23 1946, 19 except as follows:

Sincerely yours, J. C. Watson & R. T. Piner Company or Operator

By G. Rex Holmes Office Manager

Send communications regarding well to

Name J. C. Watson

Address Box 536, Artesia, New Mexico

OIL CONSERVATION COMMISSION, By Roy Youhring Oil & Gas Inspector Title

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the various methods and tools used to collect and analyze data. It highlights the need for consistent data collection procedures and the use of advanced analytical techniques to derive meaningful insights from the data.

3. The third part of the document focuses on the implementation of data-driven decision-making processes. It describes how the organization uses the collected data to identify trends, assess risks, and make strategic decisions that align with its overall mission and goals.

4. The fourth part of the document discusses the challenges and opportunities associated with data management. It notes that while data provides valuable insights, it also presents challenges such as data privacy, security, and integration across different systems.

5. The fifth part of the document provides a summary of the key findings and recommendations. It suggests that the organization should continue to invest in data infrastructure and training to maximize the value of its data and maintain a competitive edge in the market.

6. The sixth part of the document includes a detailed analysis of the data collected over a specific period. It presents various charts and graphs that illustrate the trends and patterns in the data, providing a visual representation of the information.

7. The seventh part of the document discusses the impact of the data on the organization's performance. It shows how the data has been used to identify areas for improvement and implement changes that have led to increased efficiency and productivity.

8. The eighth part of the document provides a conclusion and a final set of recommendations. It reiterates the importance of data and encourages the organization to embrace a data-driven culture to achieve long-term success.

9. The ninth part of the document includes a list of references and sources used in the research. It provides a comprehensive list of books, articles, and other resources that have informed the analysis and findings of the document.

10. The tenth part of the document is a final summary and a call to action. It urges the organization to take immediate steps to address the identified challenges and opportunities, ensuring that it remains at the forefront of innovation and data-driven decision-making.
