Instructions

General: This form is designed for submitting proposals to perform certain well operations, and reports of such operations when completed, as indicated, on Federal and Indian lands pursuant to applicable law and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to the local, regional, or regional planning and/or State office, are shown below or will be issued by, or may be obtained from, the local Federal and/or State office.

Item 4: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State or Federal office for specific instructions.

Item 17: Proposals to abandon a well and subsequent reports of abandonment should include such special information as is required by local Federal and/or State offices. In addition, such proposals must include specific information for the abandonment: data on any former or present productive zones, or other zones with present significant potential; details on sealing (top and bottom) and method of placement of cement plugs; mud or other material placed below, between and above plugs; amount, size, method of setting, of any casing, liner or tubing pulled and the depth to top of any left in the hole; method of closing top of well; and date well site conditioned for final inspection looking to approval of the abandonment.
