Instructions

General: This form is designed for the submission of proposals to perform certain well operations when completed, as indicated, on Federal and Indian lands, pursuant to applicable laws, regulations, and if approved or accepted by any State, pursuant to applicable State laws and regulations. Where necessary, instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to proposals submitted to regions, may be obtained from the local Federal and/or State office.

Item 4: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State or Federal office for additional instructions.

Item 17: Proposals to abandon a well should include such special information as is required by local Federal and/or State offices. In addition, such proposals must include reasons for the abandonment; data on any former or present productive zones, or other zones with present significant potential for production; the location of the well; the date of completion; the method of placement of cement plugs; mud or other material placed below, between and above plugs; amount, size, method of placement of any casing, liner or tubing pulled and the depth to top of any left in the hole; method of closing top of well; and date well site was affixed for final inspection pending abandonment.
