

Rt. 1 Box 615
Lovington, New Mexico 88260
February 8, 1969

Mr. John W. Runyan
Oil Conservation Commission
P.O. Box 1980
Hobbs, New Mexico 88240

Dear Mr. Runyan:

The Charles B. Read #1 Alexander located on Unit J of Section 29, 15S-36E was plugged and abandoned on July 19, 1968. At the time the well was plugged, I requested permission to use the dry hole for a water well. The well was plugged back to a depth of 417 feet in accordance with Oil Conservation Commission approval.

The purpose of this letter is to advise you that I will assume responsibility for this well and intend to use it as a water well on my farm. You are hereby authorized to release Mr. Charles B. Read from his plugging bond.

Yours very truly,

C. E. Alexander
