Altair Energy Corporation
1111 First Place
Tyler, Texas 75702

Gentlemen:

We have been holding since July of 1985, Form C-104 indicating that you had acquired the Mattie Price Well No. 6 located in Unit G of Section 6, T-17-S, R-38-E, from Clemco. By letter dated July 16, 1985, we advised you that we would be unable to approve the change of ownership until a plugging bond in your name had been filed with the Oil Conservation Division in Santa Fe. To date, that has apparently not been done since we have had no notification from our Santa Fe office.

Further, Division Form C-115, Monthly Production Report, and Form C-120-A covering salt water disposal operations are being submitted under the operating name of Altair Energy Corporation although Forms C-104 indicating the change of ownership have been submitted only for the above-mentioned Well No. 6.

As we pointed out in our letter of January 6, 1986, regarding the salt water disposal well, until the necessary filings have been made, all reports must be made in the name of the operator of record, who at this point in time is still Clemco.

Failure to comply with our requirements regarding this change of ownership prior to March 1, 1986, will result in our being forced to take further action.

Yours very truly,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District 1
