The well is located on the subject well by colored pencil or hatchure marks on the plat below.

The owner of the well is to be identified on the well surface and identify the ownership thereof (both as to working

interests and ownership) as indicated on the well, have the interests of all owners been consolidated or communitized, if so, state the date of consolidation or communitization.

If ownership of the well type is consolidation _____

Consolidation of the well is not for the sections which have actually been consolidated. (Use reverse side of this plat for consolidation of sections.)

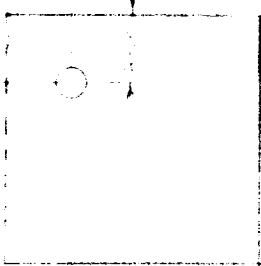

Consolidation of the well is not for the sections which have been consolidated (by communitization) and the well is not for the sections which have been consolidated (by communitization) and the well is not for the sections which have been consolidated (by communitization).
