P. O. Box 1980  
Hobbs, New Mexico 88240

Gentlemen:

Re: Chambers #1-O-7-16-36, Lea County, New Mexico

Attached are five copies of Form C-105 (Well Completion Report and Log) for the subject well. Also included is a DST summary, deviation survey, and Form C-104 (Request for Allowable and Authorization to Transport Oil and Natural Gas).

This well is currently shut in following completion and potential testing. Plans are to leave the well shut in until a gas connection is made so as to prevent unnecessary waste. Gas pipeline construction is in progress in the area. A GOR test will be run within five days after opening the well to sales and forwarded at that time.

Electric and radioactive logs are being furnished to you under separate cover. Please advise if additional information is required.

Sincerely,

A handwritten signature in cursive script that reads 'Michael P. Houston'.
