RE: Amoco State Well #1
Unit M, Sec. 28, T16S, R33E
Recompletion

Gentlemen:

We have received and approved your report of abandonment of the Morrow, the perforating, testing and abandonment of the Cisco, and the perforating and testing of the Wolfcamp zone in the above-referenced well.

You indicated the well had been returned to production in the Wolfcamp zone, so you will need to submit the following in order to get an allowable assigned to the Wolfcamp.

C-104 - Request for allowable
C-102 - acreage dedication plat for the Wolfcamp

This well is adjacent to two Wolfcamp pools, the West Kemnitz Wolfcamp (80 acre spacing) and the Sanmal Wolfcamp (40 acre spacing). It will be acceptable to place it in either pool.

Very truly yours,

OIL CONSERVATION DIVISION

Supervisor, District I
