Allen K. Trobaugh  
1405 First Natl. Bank Bldg.  
Midland, Texas 79701

Dear Mr. Trobaugh:

Form C-104 for your Eidson Com Well No. 1 located in Unit G of Section 28, T-16-S, R-35-E, will be held without approval until the gas has been connected and the purchaser of the gas has furnished us with a Notice of Gas Connection.

Further, as discussed with you in a telephone conversation, our geologist has determined that the well is producing from the upper Mississippian formation rather than the Morrow as shown on the forms submitted to this office. We have changed the forms to correspond with this conclusion.

Yours very truly,

OIL CONSERVATION DIVISION

Jerry Sexton  
Supervisor, District 1
