17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Propose to commence downhole commingled production from the Seaman Cisco and Kemnitz Wolfcamp zones as approved by NMOCD Order No. R-6362.

The District Supervisor's approval is requested for allocation of commingled production to the individual zones on the basis of reserves. Production would be allocated as follows:

Kemnitz Wolfcamp Oil = 0.72 X Combined Oil Production  
Seaman Cisco Oil = 0.28 X Combined Oil Production  
and  
Kemnitz Wolfcamp Gas = 0.37 X Combined Gas Production  
Seaman Cisco Gas = 0.63 X Combined Gas Production

Reserve calculations are attached to support these allocation factors.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
