Mr. Jerry Sexton Oil Conservation Division P. O. Box 1980 Hobbs, NM 88241

Re: Leavelle No. 1 - Convert to Water Disposal

Dear Mr. Sexton:

Application to convert the subject well was made to the O.C.D. on Form C-108 on March 13, 1992. The application is being processed by Mr. Ben Stone in Santa Fe. The original C-108 proposed leaving the existing Wolfcamp perforations (10298'-10308') open while disposing of water into the Devonian. Mansanto, who operates a well in the area, objected to the Wolfcamp being open but would approve if the Wolfcamp were squeeze cemented.

As instructed by Mr. Stone, I have enclosed in triplicate copies of Form C-103 and included in the procedure to squeeze cement the Wolfcamp perforations. Upon approval of the C-103, Mr. Stone will proceed with the approvals necessary on the C-108.

If you have any questions, please call.

Sincerely,

are Inde Marc L. Wise

Agent for Gandy Corporation
