

This form is to be filed with the report of the completion of the drilling of any new, drilled or reworked well. It shall be a summary of the well, and shall include a table of the formation tops, and a summary of all logs, tests conducted, including drill stem tests. All data reported shall be measured in feet. In the case of directionally drilled wells, true vertical depths shall also be reported. For multiple completion items, the thickness shall be reported for each zone. The form is to be filed in quadrants, except on state land where six copies are required. Use Date 11/15.
