Attention Mr. Philip L. Frederickson

Re: Hexagon Oil & Gas, Inc.
New Mexico 28 State No. 1
Unit I, Section 28, T-16-S, R-33-E
Lea County, New Mexico

Dear Mr. Frederickson:

We have your letter of November 1, 1982, regarding the sale of gas from the subject well, which is a dual completion in the Atoka and Morrow zones.

Although the well is not presently producing from the Atoka zone, it is dually completed, and in the event that this zone is put back on production it will be necessary that another meter be installed and that the Atoka production be separately metered.

Yours very truly,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District 1
