Gentlemen:

The following information is provided for Gulf Oil Corporation's one well lease, the Lea "LL" State #1 well, located in Unit F, Section 32-T17S-R32E, Lea County, New Mexico.

This well is completed in the Maljamar Grayburg San Andres Pool and is currently producing 80 BOPD and 46 MCFGPD. A contract is being negotiated to purchase the casinghead gas. However, this contract will not be consummated before the deadline expires to flare this well on February 1, 1982.

We are hereby requesting permission to vent and flare this gas for an indefinite period in exception to Rule 306 and Order No. R-4070. Your favorable attention to this matter is appreciated.

Yours very truly,
