Dear Mr. Sexton:

This is a request to exempt the captioned plugged and abandoned well from having a surface marker installed.

The land on which the captioned well is located is under cultivation. The surface owner and farmer have requested that no surface marker be installed on this plugged and abandoned well. The operator has agreed to remove all caliche so that the land can be farmed again.

The verbal request by the farmer to leave off the surface marker was witnessed by Mr. A. A. Plattsmier of the N.M.O.C.C.

Thank you for your cooperation in this matter.

Yours very truly,

J. W. MULLOY ASSOCIATES, INC.
