17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

We plan to perform the following work starting about December 12, 1984.

1. Perforate additional Devonian pay from 12,359' to 12,387' and from 12,418' to 12,454' using approximately 29 jet perfs overall.
2. Acidize new perforations with 6000 gallons 20% HCl using ball sealers.
3. Swab test.
4. If new perforations are oil productive, they will be commingled with the existing Devonian perforations and the well placed back on pump.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
