Re: James O'Neill No. 1  
Authorization of Transport  
Oil and Natural Gas

Dear Ms. Carpenter:

As per our telephone conversation of December 16, 1982 please find the original plus four (4) copies of NMOCC Form C-104, Authorization to Transport Oil off our James O'Neill No. 1. The need for a temporary change in oil transporter arose when electrical power was lost to the lease LACT unit and pipeline pumps. With your permission Permian Corporation will truck oil off the lease until electrical power is restored.

Thank you for your help in this matter.

Yours very truly,

Robert L. Cornelius  
Senior Petroleum Engineer
