RE: GOODRICH UNIT #1  
Unit J, Sec. 11, T15S, R35E  
Southwest Austin Mississippian Gas Pool

Gentlemen:

According to our records the above-referenced well was completed in the Mississippian formation in 1985 and as of this date the well has never been connected to a gas transporter.

We are returning the C-104 submitted on this well since you have not furnished a gas connect date. Should you at a later date connect to a transporter, please resubmit.

Since this well has never produced it falls under Rule 203 governing temporary abandonment. The well should be placed, on production, properly TA'd by demonstrating mechanical integrity, or plugged and abandoned.

Very truly yours,

OIL CONSERVATION DIVISION
