

This form is to be filed with the appropriate certificate of the Commission not later than _____ after the completion of any newly-drilled or deepened well. It shall be accompanied by one copy of an electrical and/or radioactivity log and _____ of well and a summary of all special tests conducted, including drill stem tests. All depths reported shall be measured in feet. In the case of directionally drilled wells, true vertical depths shall also be reported. For multiple completions, items 1 through 14 shall be reported for each zone. The form is to be filed in quintuplicate except on state land, where six copies are required. See Rule 118b.
