RE: J BENSON #1-P, UNIT 14-16-38

Gentlemen:

The above referenced plugged well site has recently been inspected by an Oil Conservation Division Representative, in an attempt to release the location.

As a result of these inspections, the inspector found that the following work still needs to be done before it can be released.

J Benson #1-P

1. No "Lea Co" on marker. Plastic flags, board, buckets, trash, tank, heater on location. Also pipe on battery pad.

When the above items have been done please contact Jerry Sexton at 505-393-6161 or sign this letter below and return it to our address stated above.

Very truly yours,

JERRY SEXTON  
District I Supervisor
