CASING TEST AND CEMENT JOB ☐
OTHER: Shut-In

Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

On 10/16/97, while performing remedial work, a swabbing assembly was accidentally dropped inside the 2-7/8" tubing. This caused the tubing to burst and part. The tubing was fished from the wellbore and transported to a pipe testing company for testing and repair. This well is expected to be returned to production during 1998.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
