Re: Tipperary SW/4-29 Unit
Lea County, New Mexico

Gentlemen:

The New Mexico Oil Conservation Division has advised this office by Case No. 9206, Order No. R-8515 that the Tipperary SW/4 - 29 Unit Agreement has been approved. The effective date of your agreement is September 18, 1987 being the date the NMOCD approved your unit agreement.

Our records reflect that we have no progress reports on the Wiser 29 State Com Well No. 1, located in the NW/4SW/4 of Section 29-16S-37E. Please advise this office as to the spud date of this well. Also, it is our understanding that you will be requesting that the communitization agreement covering the W/2SW/4 of this section be terminated. In order for this office to terminate your communitization agreement, you will have to comply with Section 9 of the communitization agreement. Section 9 states among other things that; This agreement may be terminated at any time by mutual agreement of the parties hereto. Please, send a request ratified by all parties, to terminate this agreement and the effective date of termination.

If this well is to be the initial unit well you will have to change the name of this well to the Tipperary SW/4 - 29 Unit Well No. 1. This may be done by submitting NMOCD Form No. C-104 to this office and the NMOCD advising us of the well name change.

If we may be of further help please do not hesitate to call on us.

Very truly yours,

WILLIAM R. HUMPHRIES
