Lea County, New Mexico

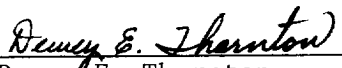

Gentlemen:

Attached are six (6) copies of form C-101 and five copies of form C-102 on the above-referenced well.

This is an unorthodox location according to NMOCD rules and I have forwarded waiver letters from all offset operators, one copy of form C-102, a structure map, isopach map of the Atoka sand, pertinent logs in the area and a geologic dissertation as to why the unorthodox location should be approved without a waiting period to Mr. Mike Stogner of the NMOCD in Santa Fe.

If you need additional information on this well; please call me at 915/682-1762 or 682-5101.

Very truly yours,

  
Dewey E. Thornton  
Exploration Manager
