RE: WESTERN 17 F STATE, UNIT F, S17-T16S-R37E

Gentlemen:

The above referenced well was recently inspected by an Oil Conservation Division Representative, in an attempt to release the location.

However, before this can be done, the following items need to be completed.

1. Remove conduit in middle of location.
2. Remove 2" line on westside of location.
3. Remove meter pole on southside of location.
4. Remove all junk and equipment from location.

When the above items have been completed, contact Chris Williams at 505-393-6161 or sign this letter below and return it to the address stated above.

Very truly yours,

CHRIS WILLIAMS
