Re: Unorthodox Locations
Maljamar Grayburg Unit Waterflood Project
Maljamar Grayburg San Andres Field
Lea County, New Mexico

Dear Mr. Stogner:

The Wiser Oil Company requests approval for two inside unorthodox locations and two outside unorthodox locations on the subject waterflood unit. These locations designated Maljamar Grayburg Unit Well No. 85, Maljamar Grayburg Unit Well No. 89, Maljamar Grayburg Unit Well No. 106 and Maljamar Grayburg Unit Well No. 107 are shown on the attached map. The locations of these wells are as follows:

Maljamar Grayburg Unit No. 85
2614' FNL & 1298' FEL, Unit H
Section 4, T17S, R32E

Maljamar Grayburg Unit No. 89
1275' FSL & 2525' FEL, Unit O
Section 4, T17S, R32E

Maljamar Grayburg Unit No. 106
1534' FNL & 1372' FWL, Unit F
Section 10, T17S, R32E
all in Lea County, New Mexico.

Maljamar Grayburg Unit No. 107
1413' FNL & 2238' FEL, Unit G
Section 10, T17S, R32E

These wells will more efficiently and effectively establish the pattern of the waterflood as set out by Order No. R-2777. Quality Production Corp. is the only offset operator.

Attached are copies of the BLM Application to Drill, C-102, map showing proposed access roads, map showing existing wells, proposed wells and plat of the waterflood area showing the original 80-acre 5-spot waterflood patterns. It is anticipated that the injection pattern will become a 40-acre 5-spot pattern.

Your earliest consideration of this request will be appreciated. Should you have any questions or require additional data, please contact the undersigned in Carlsbad at 885-5433.

Sincerely,

Perry L. Hughes
Agent for The Wiser Oil Company
