Re: Unorthodox Location
Caprock Maljamar Unit Waterflood Project
Maljamar Grayburg San Andres Field
Lea County, New Mexico

Dear Mr. Stogner:

The Wiser Oil Company requests approval for one outside unorthodox location on the subject waterflood lease. The location designated Caprock Maljamar Unit No. 175 is shown on the attached map. The applicant is the offset operator. The location of the well is as follows:

Caprock Maljamar Unit No. 175
1302' FNL & 1367' FWL
Unit D, Section 19, T17S, R33E
Lea County, New Mexico

This well will more efficiently and effectively establish the pattern of the waterflood as set out by Order No. R-10094.

Attached are copies of the C-101, C-102, map showing proposed access roads, map showing existing wells, proposed wells and plat of the waterflood area showing the original 80-acre 5-spot waterflood patterns. It is anticipated that the injection pattern will become a 40-acre 5-spot pattern.

Your earliest consideration of this request will be appreciated. Should you have any questions or require additional data, please contact the undersigned in Carlsbad at 885-5433.

Sincerely,

Melanie J. Parker
Agent for
The Wiser Oil Company
