	OTHER: <input type="checkbox"/>

12. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Reference is here made to Hanley Petroleum Inc.'s original application which was approved by you on November 14, 1995, and to the two subsequent extensions.

Hanley still believes this to be a very viable location for an additional development well in the West Lovington Strawn Field. However, due to the impending de novo hearing set for October 16 and 17, 1997, regarding the proposed expansion of the West Lovington Strawn Unit operated by Gillespie-Crow Inc., we have been unable to schedule a rig to drill this well. Until this matter is resolved, we are somewhat at an impasse to proceed with the drilling of the captioned well.

Therefore, we would ask your permission to extend the original Permit to Drill for an additional six month period so that this matter may be resolved and we can proceed to plan for the drilling of the subject location.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
