| PULL OR ALTER CASING <input type="checkbox"/> | OTHER: <input type="checkbox"/> |
| OTHER: Correct Depth & Cement Program <input type="checkbox"/> | |

12. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.
This well was inadvertently permitted as an oil well. It is intended as an injection well. The proposed total depth for this well was mistakenly cited as 4800' on the Application for Permit to Drill approved 5-15-96. The correct depth should be 5500', and the Proposed Casing and Cement Program is corrected as follows:

| Hole Size | Casing Size | Casing weight/foot | Setting Depth | Cement |
|-----------|-------------|--------------------|---------------|--|
| 12 1/4" | 8 5/8" J-55 | 24# | 350' | 650 sx Circ. |
| 7 7/8" | 5 1/2" J-55 | 17# | 5500' | 1200 sx Sufficient to bring cmt 100' above 8 5/8" casing shoe. |

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
