RE: AJ 6 #1-R, Sec.6, T-16s, R-35e  
API #30-025-33763

Gentlemen:

According to the Oil Conservation Inspector this well is Plugged and Abandoned and the location is ready to be released. This cannot be done at this time, because the well file is still incomplete. This well is a dry hole, but still requires according to Rules and Regulation the list of items below:

- Deviation Survey
- Directional Survey
- Full Set of logs
- C-105 completion report (front & back)

We will not release your bond until we receive this information. Send this information to District I Hobbs Office. If you have any questions on this matter, please call (505) 393-6161 ext. 115 for Donna Pitzer.

Yours truly,

OIL CONSERVATION DIVISION
