Mr. Kautz,

As per our phone conversation on August 9, 2001 concerning wellbore deviation of the Bullwinkle No.1 well, please review the following information. I have enclosed a land plat, spreadsheet of calculated maximum bottomhole deviation, deviation report, wellbore schematic and tubing/perforating design. EOG resources, Inc. is submitting this information in lieu of having to run a directional survey to prove location is not unorthodox.

If you have any questions, please contact me at 915/686-3608.

Sincerely,
