

The grid-in response area consists of a 10x10 grid of bubbles. The columns are labeled with digits 0-9 at the top. The rows are labeled with digits 0-9 on the left. A large 'X' is drawn over the bubble for digit 3 in the 5th row, 8th column. A small box is drawn around the bubble for digit 3 in the 5th row, 8th column.
