Re: Amended Martin "B" No. 3 Location
660' FNL and 660' West of North-South Centerline
(660' FNL and 1917' FWL)
Section 31, T-24-S, R-37-E, NMPM
Lea County, New Mexico

Gentlemen:

Reference is made to the NMOCD's recent phone call stating that our proposed Martin "B" No. 3 Jalmat location, of 660' FNL and 1980' FWL, of Section 31, T-24-S, R-37-E, NMPM, cannot be approved, because the proposed Jalmat location is unorthodox.

In this regard, please find enclosed an amended C-102, that reflects a modified location, for our Martin "B" No. 3 Jalmat well, consisting of 660' FNL and 660' West of the North-South Centerline, of Section 31, T-24-S, R-37-E, NMPM. We apologize for not immediately recognizing that the Martin "B" proration unit is not a full 160 acres, but is only a 156.19-acre proration unit, due to the W/2 NW/4 of Section 31 being comprised of Lots 1 and 2, which total 76.19 acres, instead of being a full-size 80-acre governmental tract.

As a result of not immediately realizing the existence of the slight east-west distance correction, along the 6-mile (31,617-feet) southern boundary of T-24-S, R-37-E, NMPM, when we filed for a location consisting of 660' FNL and 1980' FWL of Section 31, T-24-S, R-37-E, NMPM, it did not occur to us that the proposed location would not be orthodox.

After realizing that the NW/4 of Section 31 is not comprised of a full 160 acres, as a result of the east-west township correction, we have instructed John West Engineering to move the survey stake, for the Martin "B" No. 3 well, 63' to the west, to an orthodox location consisting of 660' FNL and

660' West of the North-South Centerline, of Section 31, T-24-S, R-37-E, NMPM.

Also, in this regard, please find enclosed an amended C-101 reflecting an orthodox location consisting of 660' FNL and 660' West of the North-South Centerline, of Section 31, T-24-S, R-37-E, NMPM.

In addition to our herein enclosed amended C-101 and C-102, please also find enclosed the NMOCD's previously-approved simultaneous dedication order, for the drilling of our Martin "B" No. 3 well, on the Martin "B" No. 1 Jalmat proration unit consisting of the NW/4 Section 31, T-24-S, R-37-E, NMPM.

Very truly yours,
