Box 3179
Midland, TX 79702

SUBJECT: Denton Gasoline Plant SWD Well #1
Located 1150/N & 260/W of Sec. 11, T15S, R37E

Gentlemen:

The above-referenced disposal well has been temporarily abandoned since 1978. We are requiring that all temporarily abandoned injection and disposal wells either be plugged or that a CIBP be set above the disposal interval and the casing pressure tested.

You are requested to submit Form C-103 outlining your proposed plugging procedure or your intention to set a CIBP and pressure test the casing. This work is to be completed within 60 days. Please notify the Hobbs OCD office (505) 393-6161 at least 24 hours prior to commencing work in order that we may witness the operation.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
