Re: Notice

Reference is made to your letter of intention to drill dated August 17, 1960, covering your test of the Yateas well in the Hobbs sec. 12, T. 19 N., R. 32 E., S. 31 N., San Antonio, New Mexico on Lease New Mexico 01215-0 which contains the "Proclamation".

Pursuant to authority delegated by the Director, U. S. Geological Survey on July 7, 1960, I hereby approve the notice of intention to drill the above described well to a depth of approximately 3400 feet to test the Yateas formation. Please notify the District Engineer, U. S. Geological Survey, P. O. Box 107, Hobbs, New Mexico, in sufficient time for a representative to witness the logging operations.

Sincerely yours,

(Sig. Spd. JOHN A. ANDERSON)

JOHN A. ANDERSON
