Artesia, New Mexico

Gentlemen:

In our file for the Barney Cockburn Cockburn State No. 1 located in Unit D of Section 32, T-17-S, R-33-E we have Form C-102 approved April 25, 1946 which states that the well would be temporarily abandoned pending the outcome of the drilling of the Wyatt No. 1 in Section 33. No further reports were filed for this well.

We have contacted Mrs. Cockburn regarding the status of this well and she has advised us that this lease was sold to Carper Drilling Co., Inc. on November 15, 1951. If this is the case, please submit Commission Form C-103 indicating a change of ownership and the present status of this well.

Yours very truly,

OIL CONSERVATION COMMISSION
