NOTICE OF INTENTION TO DEEPEN WELL			

Artesia, New Mexico

Sept. 29 1950

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the

Barney Cockburn Company of Operator Lease **Cockburn-State** Well No. **5** in **NE SW NE** of Sec. **32**, T. **17S**, R. **33E**, N. M. P. M., **Maljamar** Field, **Lea** County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

Subsequent to August 17th request to plug and abandon, our Ohio-State 5, direct offset to the east of Cockburn-State 5, came in with good production in the red sand. We propose to test this same sand which geologist's sample analysis shows at the same depth - 3665 ft. We wish to gun perforate 7" casing at 3650 ft. and cement with 50 sacks, then drill out and test to see if hole has been dried up, at that time we will report to you and request permission to shoot from approx. 3665 to 3695 and state number of quarts of Nitro-glycerine. This hole has been filled up to bottom of casing with gravel and cement at 3912 feet.

Approved _____, 19____
except as follows:
