17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1503.

Cross Timbers Production Company took over operations from Cities Service Oil Company effective December 1, 1986. The above well was shut-in as an injector on that date due to a possible tubing/packer leak. We are currently evaluating the effect on offset producers to see if this injector is necessary to maximize production in the offset producers. We are also evaluating the possibilities of recompleting the well as a producer in other zones. We have not concluded our evaluation yet and respectfully request a six month time extension on the dates specified in your August 19, 1987 letter. Thank you for considering our request.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
