SUBJECT: WFX-488 Injection Pressure Limit
SMGSAU Tr. 5 Well #4
G-29-17-33

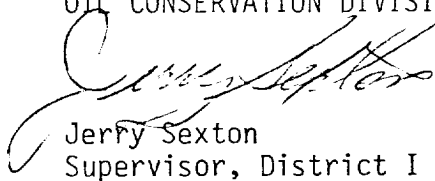

Gentlemen:

Form C-103 covering the conversion of the above-captioned well to a water injection well has been received by this office.

According to the provisions of WFX-488, authorizing this well as an injection well, the injection pressure is limited to 840 psi. and you report on your Form C-103 that your injection rate is 1950 psi. You are requested to conduct a step-rate test on this well and obtain proper approval for an increased injection pressure from our Santa Fe Office before injection pressure is increased above 840 psi.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
