Dear Sir:

We are returning herewith Forms C-103 in connection with the setting of the 11 3/4" O.D. casing and the 8 5/8" O.D. casing. We have stated the weight of the casing on these forms.

In your letter dated July 26, 1961, you asked for the type of the casing. Inasmuch as we specified on the forms as originally submitted that the 11 3/4" casing was spiral weld and that the 8 5/8" casing was seamless, we are unable to determine what you mean by the type.

If this information is not sufficient, we would appreciate your advising us.

Very truly yours,

JAMES P. DUNIGAN
