Gentlemen:

Mr. Gressett, Oil & Gas Inspector for the Commission has made an inspection of the location for your British American State No. 2 in Unit B of Section 12, T-18-S, R-33-E, and has found that the pits are not filled, the dead men wires are not cut and the legal description of the location has not been permanently placed on the 4" marker. Please notify this office when these things have been done so that a final inspection may be made and your Form C-103 approved without further delay.
