Dear Sir:

We are returning Form C-104, Request for Allowable, for your Ohio Angle State No. 4 in Unit L of Section 2, T-17-S, R-34-E in order that you may fill in the space for the casing and cementing record.

Further, we wish to call to your attention that in a water basin the cement must be circulated behind the surface casing in order to protect the fresh water horizons.

Yours very truly,
