Dear Mr. Bourland:

According to our records, the gas is being vented on your Angle State Lease located in Section 9, T-17-S, R-34-E. Since Commission Order No. R-2605 prohibits the flaring of gas in the Vacuum Field, it will be necessary for you to immediately apply for a No-Flare Order, or in the event you now have a gas connection, file Form C-110 indicating the purchaser.

Yours very truly,

OIL CONSERVATION COMMISSION
